Join the Florida Department of Health in Escambia County (DOH-Escambia) to promote water safety and touch supervision in your community.

- ◆ **Request a Summer Safety Presentation** offered by Health Educators at the DOH- Escambia
- ◆ **Post a link** on your website! We can provide you with a Web banner to post on your homepage that links directly to our website.
- ◆ **Feature Touch Supervision information and posters** at your home, office, or in your community.
- ◆ **Use your newsletters, magazines, email blasts, or other publications** to educate your employees, customers, and colleagues about the importance of touch supervision.
- ◆ **Make water safety brochures available** in your offices or retail locations. Electronic versions of all marketing materials are available for download on [www.EscambiaHealth.com](http://www.EscambiaHealth.com).

Contact the Health Education program at the DOH-Escambia to share your commitment to drowning prevention.
